Mr. William A. Schmidt
Acting Commissioner
Public Buildings Service
General Services Administration
Washington, D. C.

Dear Mr. Schmidt:

Estimates submitted by your office for design and construction of the proposed Printing Services Building exceed the amount previously made available by $277,500.

Public Buildings Service has recently advised us that $139,415 remain unobligated from funds transferred to PBS for construction of the Headquarters Building at Langley. In addition, CIA has remaining $71,132 from the Headquarters Building Construction Fund and this amount will be transferred to PBS, giving total additional funds from the Headquarters Building Construction Fund of $230,547. These funds are available for construction of the basic building.

You may desire to incorporate this additional funding in an amendment to the original "Memorandum of Understanding and Agreement" dated December 10, 1964. The same Statutory Reference will apply to the amendment as shown on the original memorandum.

Sincerely,
